

B. O. Wist is Appointed Principal of Normal School at Honolulu

B. O. Wist, principal of Kamehameha III school at Lahaina has been selected by the department of public instruction to succeed Edgar Wood as principal of the Normal school in Honolulu. He will be succeeded at Lahaina by P. H. Cooley of Koloa, Kauai.

Announcement of the selection of Mr. Wist to head the Normal school was made by the department of public instruction on Tuesday after refusal to grant a hearing to Mr. Wood which had been asked by the Hawaiian Civic Club and others. The appointment was endorsed by all members of the board except Mrs. L. L. McCandless. Announcement was not made immediately after the application for the re-hearing had been denied but in the afternoon session of the same day. Mr. Wist is now on his way to the coast having been given a leave of absence before the ending of the school term. While there he will devote some of his time to the study of mainland educational systems.

The new principal of the Normal school commenced his services in 1911 and has been principal of Kamehameha III school since 1915. He has earned the reputation of being one of the most efficient organizers in the Islands and his system in Lahaina has won favorable comment from other educators. He also has the happy faculty of inculcating harmony in his organization.

Mr. Cooley and his wife began their services here in 1918 and have been at Koloa for two school years. Another important change announced at the meeting in Honolulu was the resignation of W. E. Givens as principal of McKinley High School and that he will be succeeded by P. H. Jernegan of Hilo. Mr. Givens goes to Oakland to accept a principalship there.

Chester Doyle Comes To Maui Aboosting

Chester A. Doyle, "Lord of Nikko" in Honolulu, is over from the Capitol City this week in the interests of the Pershing Square Hotel in New York and the Palace Hotel of San Francisco, of which he is the Far Eastern representative. He brought with him paintings of some of the hotels that he represents. In the Pershing Square system are the Biltmore, Commodore, Belmont, Murray Hill and Ansonia, all of New York City. Last year Doyle completed a 60,000 miles world trotting expedition working in their behalf and boosting the Islands on his tour. This spring he went to Norfolk as deputy of the high sheriff of Hawaii to assist in the conviction of Japanese accused of murdering a Japanese sailor and largely due to his services four convictions were secured. He says that the companies he represents want him to make a South American tour next.

Chester Doyle, from his 31 years residence in Hawaii, his long service as Japanese interpreter and from other duties that took him into the limelight, as well as by his personality, is too well known in the Islands to require an introduction to old timers. His new role of booster in chief suits him well, boosting Hawaii while on the mainland, boosting for the mainland while at home and boosting for the mainland and Hawaii when elsewhere. He is specially en-

School Gardeners Win Prizes for Endeavors During School Year

Winners in the school and home garden contests conducted annually by the Honolulu Star-Bulletin were announced in that paper last Saturday. The Maui judges made their final inspection and reached their decisions prior to the first of June and had their report in on that date according to rules.

In Class A. gardens, the larger schools, Maui was given first award because of improvement shown over previous years, results achieved as shown by sales and produce taken home and efforts in experimental work for alternate rows and been terminated and the effects of fertilization shown the children. Puunene school was given second award.

Competition Spirited
In Class B. schools in Central and East Maui there was a spirited contest between Kealahou and Keokea schools with first prize going to the former. Relative to the corn crop of that school, which was chief factor in its success, Mr. Krauss said he had seen no better in any field tilled by adults on this island. The scholars built a stone wall around the garden. Keokea was late in starting but has achieved fine results. Halehaku won third in the race of difficulty, without water for a long time and with a smaller number of scholars than those schools that won higher awards. The children built a Hawaiian fence and the garden was laid out in streets and cross streets, all named after former presidents or prominent Americans. A special award was given Kula school garden in which 15 of the 17 scholars worked.

In West Maui, Honolulu school was first and Puukohli second, no third award. In the Hana district, Kaupo was first and Kaeleku second.

Home Garden Awards
In home gardens in East Maui Class A. prizes were awarded to Tsuruo Wakashiga of Paia, first; Henry Ah See of Hailu second and George Ah See of the same school third. In Class B first prize went to Ludovina Caires of Kula school and second to Christina Caires of the same school. In the Lahaina district first went to Manuel Lewis, Olowalu, and second to Shizuti Matsumoto, Puukohli.

In Hana District the children conducted hui gardens instead of individual gardens, generally.

The hui garden group, of which Bassilio Aguinado was luna and of which Pasmani Noa, Samson Noa, Yutaka Komatsu, Albert Kaleo and Yoshikazu Mural were members, won first prize of \$10.

Second prize of \$6 was won by the hui of which Katsuzuki Izumi was luna and of which Shizuti Uyiki, Ah Show Ahue, Kan Yam Lee, Kiyoto Kano and Clarence Medeiros were members.

Third prize of \$5 was won by the hui of which Charles acob was luna and of which Toma Tasaki, Leopold Kaluakini, Bernard Hoopli, Yoneto Neda, Miyuki Munakami and John Palakiko were members.

Because his work was regarded as "extra good" Joseph Nahinu was awarded a personal prize of \$3.

Personal prizes of \$1 were awarded to Solomon Reuter, Becky Kalohe-lani and Elizabeth Kanae.

thusiastic about the coming World's Press Congress.

He lectured on the Far East while on the mainland and included numbers of Hawaiian pictures in the stereopticon view he showed.

Much Building For Schools to be Done In Summer Vacation

Much building for the schools will be done by the county of Maui during the vacation period under a program which the board of supervisors has adopted. Contracts for new teachers quarters at three schools were awarded at the recent meeting and bids for still other work will be opened at the next meeting of the board at which time the county engineer will be instructed to advertise for bids for more work. It is the purpose of the board not to have so much work in progress at one time as to cause contractors to raise prices in order to meet the time requirement.

Contracts were awarded last Friday for buildings at Puunene, Wailuku and Halehaku, the largest building for Puunene. The Puunene contract went to John Welekahi for \$5500. The buildings for Wailuku and Halehaku schools are about equal in size and Charles Savage was the successful bidder taking the Wailuku school cottage for \$3950 and the Halehaku for \$4300, distance of transportation of material increasing the cost of the building.

Taking up the subject of further construction the board decided that temporary buildings would have to suffice for Lahaina next year, and additional three rooms being sadly needed. It is the sense of the board that no permanent construction should be done there until the new site desired shall have been secured through condemnation proceedings brought by the territory. The board of supervisors and the school board at Honolulu appear some what at outs as to how much and what land should be taken. A cottage for the teachers is also to be secured, rather than to build at this time, Manager Collins of Pioneer Mill Company, having made the school commissioner an offer.

New work for which bids will be sought in August meeting will include a school cottage at Maui High School in Hamakua, an addition to the cottage at Spreckelsville, a cottage and three school rooms at Makawao, three rooms at Paia, two at Halehaku, two at Wailuku and one room each for Waihee and Kahului.

School Without Water—Halehaku school was entirely without water for two days this week.

IN THE CIRCUIT COURT OF THE SECOND CIRCUIT, TERRITORY OF HAWAII.
At Chambers—In Divorce.

Mito Furuya, Libellant vs. Tomokichi Furuya, Libellee in Divorce No. 712
